Progress of the Movement in New York—State of the Country—Government Action.

[From the N. Y. Com. Adv., 8th.]

The following progress statement among the Fenians is daily on the increase among the members of the Order throughout the country, and the movement is now in the entire hands of the Senate Council, which has its headquarters in this city. Nothing regarded as a secret is left to the public, and the great growth of Celts of the Copper faction.

It was proposed by many Fenian belonging to the O'Mahoney wing of the party that one of the results of the meeting at Chicago should be a reconciliation between their leaders. To this end, more than one effort was made, but without success. The feeling between these leaders is more bitter than ever. The party were greatly incensed at the conduct of the leaders of the affair, while the O'Mahoneyites feel that they have acted selfishly and have neither done proper justice to the Chicago Fenians, and have thereby seriously injured the success of the efforts of others to join in assisting Gen. Sweeny to carry out his policy of invading Canada.

Since the meeting has long been over it will soon take action. In regard to the visit of Senator Doolittle to Ireland, and that it will be announced that he does not intend to be elected a member of the Fenian organization.

The sale of bonds at the Union Square concert saloon is said to be very brisk. Over $30,000 are said to have already been sold. The money is to be used for the purchase of arms, and it is believed by the leaders that they will reach a million by the close of the week.

It is expected that every Irishman, whether Protestant or Catholic, will do that time have always felt interest in the cause of Ireland by assisting in the movement. The women are also active workers, and they will probably be represented in an influential manner. The wives and children of the prisoners, it is said, will at the same time.

This makes quite an opening on Fourteenth street, between Spring and Greenwich, for Empire State Fenians, as the place of business formerly owned by Mr. Stanley, the Bank burglar.

The loss is variously stated at between $50 and $60,000.

The Trial of Gov. Sonne of Ky. Postponed.

Maj. Gen. of the late rebel army, is now on trial at Raleigh, N. C., for treason. He is a prisoner at Salisbury. As showing the light upon his case, the following telegram, which is self-explanatory, will be interesting:

N. B. Gaither, Commissioner of Exchange, Richmond, Va.—Sir: Gov. Sonne, of Kentucky, who was captured in Morgan's command in July last, has been arrested since his release on parole, and is now in confinement at Salisbury, N. C., charged with treason. He is a citizen of Kentucky, and when the separation has been effected he will be entitled to the value of the lands he has left. Virginia has suffered more than any other State, and has, consequently, caused the people of a large portion of the political ties which had never existed. They resolved to be no longer connected with the Northern States, and they set up the State of New Virginia. That Government has been recognized as a sovereign power by the family of States, and has for some months had a place and a voice in the Congress of the United States. But now old Virginia is "reconstructed," and, though divorced, there is a hankering among the ex-slaveholders that they will have West Virginia to again reside her right to the old family. In pursuance of this feeling, the following letter to the Governor, the following letter to the Legislature:

Shall the people of Virginia deeply regret the loss of the State, and the separation of the States of Virginia and West Virginia, and the people of the State of Virginia, and the people of the State of Virginia, and the people of the State of

THE CITY.

DEATH OF GEN. LEVERETT HAYES.—A committee was yesterday appointed by the Board of Trade to draft resolutions expressive of their regret at the death of Gen. Leverett Hayes, late President of that body. The resolutions will be presented at the meeting to be held this afternoon. The funeral of the late President of the Board of Education will be held this afternoon for a similar purpose.

BENEDICT PHILHARMONIC CONCERT.—The programme for the Philharmonic Concert has been definitely arranged as follows: Beethoven's Seventh Symphony; Overture from Schumann's Symphony in D minor; March of the Priests, from Mendelssohn's Athalie; two arias by Miss Dolby, and two duets by Benedict, one by Mendelssohn. The concert takes place on Monday evening.

DRAYAGE AND LABORS AT WHOLESALE.—We call attention to the advertisement, in another column, of Messrs. Hunetle & Hudnutt, wholesale grocers and confectioners, Sedl and grain dealers, 204 and 206 Wayne, Indiana. These foreign fruit trade, in cognac and bourgon, is one for two Bordeaux, and the other Bordeaux, is one for two Bordeaux, and the other. unusual facilities for procuring their fruit is bought direct from importers at carve prices, and shipped in the most expeditious manner. Parties may intend rely on obtaining fruit in good order, and at prices as low as in Eastern cities.

DRUGGIST'S PROCLAMATION.—We call the attention of the readers to the proclamation of A. B. Stevens, published in another column. It is an address to the trade, those troubled with smelly leaks, or beard that is lacking in any of the essentials of a good beard that is lacking in any of the essentials of a good beard, and greater desirers, for Wayne, Indiana. These foreign fruit trade, in cognac and bourgon, is one for two Bordeaux, and the other Bordeaux, is one for two Bordeaux, and the other. unusual facilities for procuring their fruit is bought direct from importers at carve prices, and shipped in the most expeditious manner. Parties may intend rely on obtaining fruit in good order, and at prices as low as in Eastern cities.

DRUGGIST'S PROCLAMATION.—We call the attention of the readers to the proclamation of A. B. Stevens, published in another column. It is an address to the trade, those troubled with smelly leaks, or beard that is lacking in any of the essentials of a good beard, and greater desirers, for Wayne, Indiana. Parties may intend rely on obtaining fruit in good order, and at prices as low as in Eastern cities.

BURNING OFF THE RAILS.—We saw yesterday a device, recently invented by Mr. G. W. Cook, of Geneseo, Ill., by which the railroad track may be cleared of property from that inconvenient accident, running off the rail. It consists of a scraper, which is fixed between the wheels and the axle of the car, which rides on the rail and keeps the wheel pure of, and in no construction that it draws the wheel to the side of the rail, preventing the car from being thrown off the rail, and the wheel itself from being cut. The train can be brought to a stand still. It certainly looks as if it would answer the end proposed.

ACKNOWLEDGMENT.—We are requested by the officers of the West Side Free Church and Mission Sunday School to acknowledge the receipt of the sum of one hundred and eighty dollars, as the fruit of the benefit given on the benefit of the Washington Hall by a Park on the 5d ult.

The committee have the satisfaction of knowing that the money will be used to the best advantage, as we trust proof to them, has also given substantial aid to the many worthy objects of charity that are within of the city. They certainly have shown, during the past winter, a noble example of liberality in the conduct of their Park.

PERSONAL.—C. N. Holden, Esq., the President of the Board of Education, and for two years past identified with the Chicago Firemen's Insurance Company, being old, on Tuesday last, was re-elected President of the Company, to accept the Presidency of the Chicago Oil and Rosin Company, now organized, for the purpose of refining petroleum. Mr. Holden is an elegant river tea service, which had been sent there by the Directors of the Company, as a token of esteem. Should Mr. Holden be as successful in his direction of the new company as he did, there will be no more cause of complaint in the Board of Education.

"Firemen's," with a paid-in capital of only $10,000; since April last it has paid in dividends $30,000, and $500,000 in losses.

SOLDIERS' HOME.—A special meeting of the Board of Managers of the Soldiers' Home was held yesterday afternoon at the rooms of the Y. M. C. A., Mrs. Dickinson, the Vice President in the chair.

The minutes of the last meeting were read and approved.

The meeting was called to take into consideration the expediency of removing into the new building. It was decided to move into the new Home as soon as the state of the weather will permit.

The committee appointed to examine into the property of soldiers in the possession of the Home for the coming year, reported that they deemed it inexpedient to change the present Matron, Mrs. Walker, the present Superintendent had had long experience in that position, having the interests of the Home at heart, and the committee were of the opinion that no change could be made without materially injuring the best interests of the Institution. The report was adopted.

Some business of a private nature was transacted and the meeting then adjourned.

John B. Gough.

We learn that John B. Gough will reach this city to-day, and return immediately East, having accomplished his personal business here. There is nothing so remarkable in Mr. Gough's Western career as a lecturer that it deserves this separate mention. For the past two seasons he has appeared before the largest Western audiences, each season, except the three passed in Europe. He has rarely set his face Eastward in any season, preferring the many hundreds of applications for his services in excess of his ability to answer, and to-day he has our thousand engagements on hand. His personal popularity with all parts of the Western and Northwestern States the longer those of wealth and great renown in letters. This statement is not only valuable as showing appreciation of the man, but it is valuable as it gives him an explanation to those willing to receive other reason why their appeals for his services are disregarded.

In Chicago, Mr. Gough has appeared before a greater number of times, and has increased rather than lessened his popularity. He has never yet failed to please, and yet is human to say, he will not be, while Beecher and Bellows are in the lecture committee, willing to listen to count the profit of such occasions. The ... houses have again and again been given to Mr. Gough, and the liberality of our audiences rooms, and ... pocket ... turned away by the ... to hear him when gained seats.

We learn that a portion of Mr. Gough's ... Chicago admirers have made him a tender ... $2000 in the form of a testimonial, to be presented on the occasion of the present year, with abundant seats. ... the feeling of the ... agreement. It is unlikely the offer will be accepted.

The Death of W. H. Belcher, Esq.

A special meeting of the Merchants' Exchange was held at 9 o'clock yesterday morning in their rooms, No. 17 Lasalle street, for the purpose of taking action on the death of their late associate and friend, William H. Belcher, Esq., whose decease was reported in the evening papers. Vice President Hayes, Esq., called the meeting to order, after which the call for the meeting was read by the Secretary, Mr. Wm. H. Adams. The President then announced the death of Mr. Belcher.

On motion of Linnus Bangs, Esq., a committee of three was appointed by the President, consisting of Messrs. Bangs, Dole and Hoyt, to draft appropriate suitable resolutions for the occasion. The following resolutions were reported by the committee:

WHEREAS, It has pleased Almighty God in His Providence, to remove from our midst W. H. Belcher, Esq., Secretary, therefore,

Resolved, That the Merchants' Exchange of Chicago, of the mercantile community of this city, bows with humble submission to the will of Providence, and feels profoundly the loss of a valuable member, a worthy gentleman, a kind friend and a faithful servant.

Resolved, That in the death of Mr. Belcher the city has lost a valuable citizen, whose public spirit, whose indefatigable perseverance a highly important branch of manufacture has been introduced into this city.

Resolved, That the members of this Exchange, and the merchants generally, will attend the funeral exercises of their deceased friend.

Resolved, That a copy of these resolutions be transmitted, through the President, to the family of the deceased.

Addresses were made by Messrs. Willard, Dunham, Powers and Lord, and the adoption of the resolutions being moved by J. H. Dunham, Esq., and seconded, they were unanimously carried.

Dedication of a New Church.

The "Park Avenue Methodist Church," at the corner of Park avenue and Roby street, will be dedicated on Sabbath, March 11th, at 10½ o'clock, by Bishop D. W. Clark, D.D., who thus makes his first official visit to Chicago, and who, prior to his consecration in 1864, had been, for a period of ... for sixteen years, well conduct the dedicatory services proper in the morning. The Bishop is a ... orator and a ... preacher, and a large ... opinion that to chance
